AWARDS

INTRODUCTION

Leaders inspire, motivate, and create. They are inclusive and imaginative. The IAAPA Individual Achievement Awards honor these leaders annually through three award programs: IAAPA Hall of Fame, IAAPA Service Award, and IAAPA Young Professional of the Year Award.

It starts with a dream. It becomes a vision. And finally, it's brought to life. The IAAPA Hall of Fame celebrates and honors those extraordinary pioneers who have seen their personal dreams through to completion not for their own success, but for the growth and betterment of the entire industry.

Devotion and **dedication** are the engines that drive our industry. These individuals have put the success of IAAPA above all others, enriching and enabling our community and its members to reach their fullest potential. From lifetime recognition of service, to celebrating volunteer efforts, our industry simply wouldn't exist without service.

The future of our industry depends on the **leadership, integrity, and teamwork of the generations that follow.** The IAAPA Young Professional of the Year Award honors those rising stars who embrace and exemplify the qualities of the amusement park and attractions industry and the mission of IAAPA as a whole.
