FEAR FACTORS

Creating Terrifyingly Brilliant
Guest Experiences

PHIL RAYBOURN – RAYBOURN CREATIVE

HAVE NO FEAR

A cinematic still from the movie "The Nightmare Before Christmas" showing three children from behind, looking at a large, dark, and imposing Victorian-style house at night. The house has several windows glowing with a warm, yellow light, contrasting with the dark, stormy sky. The children are standing on a path leading towards the house. The overall mood is mysterious and slightly scary.

WHAT
ARE WE
AFRAID
OF?

A misty forest scene with tall, moss-covered tree trunks and a bright light source in the distance. The text "EMOTIONAL CONNECTION" is centered in the image.
